NOTES: Category Codes are as follows: D = discretionary program; M = mandatory program.

Accounts are shown under the administering office that has primary responsibility for most programs in that account; however, there may be some programs that are administered by another office.

The FY 2012 President's budget was based on the proposed reauthorization of the Elementary and Secondary Education Act (ESEA). Because Congress has not yet reauthorized ESEA, the appropriations action shown on this table is based on current ESEA law as well as the current account and program structure.

Detail may not add to totals due to rounding. Any difference between the 2011 Appropriation, the 2012 Senate and House Committee action resulting solely from the rounding of the across-the-board rescission in the 2011 Appropriation is shown as 0.

NOTE: Appropriation totals reflect the total funds provided in the year of appropriation, including advance appropriation amounts that do not become available until the succeeding fiscal year. The total budget authority reflects funds that become available in the fiscal year shown, which includes new amounts provided for that fiscal year and amounts advanced from the prior year's appropriation.

Total advance appropriations from FY 2011 available in FY 2012, and total advance appropriations from FY 2012 available in FY 2013 are \$21,906,000,000, the same amount in each appropriation. Advances from FY 2011 in FY 2012 may be revised. Total advances in the Department of Education have been the same since the FY 2009 appropriation.
